27th & 28th of July 2019

Preamble – The event is open to catamarans with a SCHRS of 1.429 or less, this is to enable a fast turn-around between races. Any boat slower than this rating will be considered on an individual basis; a decision will be made on its handicap and the ability of the sailor. Contact sailing@ffsc.co.uk.

There will be two separate starts:

1. Slow Handicap Fleet – Dart 18, Dart 16, Catapult, Sprint 15 etc. (Greater than SCHRS 1.2)
2. Fast Handicap Fleet – F18, F16, Spitfire, Shearwaters etc. (Less than SCHRS 1.2)

Handicapping will be based on the [2019 SCHRS](#) numbers. If any start fails to obtain sufficient entries these starts may be combined or altered.

Sub events will have their results extracted from the handicap results.

Launching – Felixstowe Ferry has limited launching and for events with large numbers of boats we ask competitors not to block access points to the beach when launching and recovering. Launching will take place on the beach and slipway at the front of the club. Boats shall not launch from the public slipway adjacent to the jetty.

The Bar – The shingle spit at the mouth of the River Deben is constantly changing. The channel marks are the safest way to get out to sea however long-boarded boats should note that the entrance at its lowest may be less than one meter.

Camping – Camping is available on the Millennium Green across the road from the sailing club. There is a £5 per tent per night charge for this as the land is not owned by the sailing club. There is limited space for Campervans in the dinghy park. Contact sailing@ffsc.co.uk to reserve a space.

Accommodation – Various options are listed on the event page on the website, however the best value is the Premier Inn in Felixstowe Town Centre.

13.2. All competitors shall wear a personal floatation device at all times when afloat, except briefly when changing or adjusting clothing or personal equipment. Wet suits and dry suits are not considered personal floatation devices.

13.3. Boats shall keep clear of all motor vessels that are restricted in their ability to manoeuvre. When a boat finds herself unable to keep clear of such a vessel she may use propulsion, such as padding or pumping provided she does not gain a significant advantage in the race (rule 42.3(h)).

13.4. Felixstowe Ferry Sailing Club uses beaches and concrete slipways. When launching a boat is entirely responsible for her own safety, whether afloat or ashore, and nothing, whether in the Notice of Race of Sailing Instructions or anywhere else, reduces this responsibility. It is for the boat to decide whether she is fit to sail in the conditions in which she will find herself. By launching or going to sea, the boat confirms that she is fit for those conditions and her crew is competent to sail and compete in them. Nothing done by the organisers can reduce the responsibility of the boat nor will it make the organisers responsible for any loss, damage, death or personal injury, however it may have occurred, as a result of the boat taking part in the racing. The organisers encompass everyone helping to run the race and the event, and include the organising authority, the race committee, the race officer, safety boats and beach masters. The provision of safety and mark boats does not relieve the boat of her responsibilities. The fact that the race committee conducts inspections of a boat does not reduce the responsibilities of the boat set out in this paragraph.

14. Insurance

14.1. Each participating boat shall be insured with valid third-party liability insurance with a minimum cover of £3 million per event or the equivalent.
